20 September 1965

Dear Clark:

I am enclosing a package of information on how the KGB is mounting a worldwide "undercutting" campaign against the CIA. I thought perhaps you would be interested in this and to know that I am making it available to members of Congress who normally over-see our activities.

We are looking forward to being with you this coming Friday.

Sincerely,

(Signed) "RED"

W. F. Raborn

Enclosure
